

Over the Top - Maximizing Your Flying from the Trenches

We'll be going over what you can do at home to prepare for your next flight! Whether it's a flight review, a lesson, or just to travel out for a \$100 hamburger, we'll be giving tips on pre-pre-flight planning and post flight analysis that should make you a better and safer pilot. A good pilot is always learning!

Directions: To register for this webinar please click here. Once you've registered you'll receive an email from AOPA Webinars with the login instructions and link.

A message from the National FAASTeam Manager
